Code	Description
I/MINI900-C2	Telaio Minikart Mod. CUB2 passo 900mm Minikart chassis Mod. CUB2 base 900mm
I/MINI950-C2	Telaio Minikart Mod. CUB2 passo 950mm 13/CH/20 Minikart chassis Mod. CUB2 base 950mm 13/CH/20

Il telaio "Minikart" è la massima espressione del know-how Intrepid nella categoria Mini60. Il telaio è composto interamente da tubi dal diametro di 28mm. Il Minikart è disponibile nelle versioni con passo da 900 - 950mm, modello Cub-2 (con due curve nella parte centrale del telaio). Il telaio standard viene fornito completo di sistema frenante idraulico e pedaliera registrabile.

The "Minikart" chassis is the best expression of the Intrepid know-how in the Mini60 category. The chassis is composed entirely of Ø28mm tubes and it's available in version with wheel base 900mm or 950mm. The CUB-2 frame is characterized from two curves in the central part, it works very well in the high grip conditions and it's very easy to adapt to all the track.

The standard line is furnished complete of hydraulic brake system and easy-fitting pedals system.
